One Child at a Time

Kennedy Mwen Muasya
History, Government & Geography
2009 to present

I was born in 1973 and attended various academic institutions such as kindergarten: (St. Martin's); primary school: (St. Martin's); secondary school: (Kabaa High) and higher education: (Kenyatta University)

In addition I am married and blessed with two sons: Benard (Eldest) five year old and Titus (youngest) three year old.

I was brought up in peasant family but thanks to the Almighty for having enabled me to sail through the Kenyan Education system despite the family's financial constraints. Further, I do teach Kiswa liri and Geography. I have a wealthy experience in this teaching profession (over six years).

I joined the Clay International Secondary School, an institution under the vast umbrella of PeiKenya mid this year and I have really enjoyed the corporation's support not only to my side, but more significantly the needy students.

Moreover, I have hobbies such as adventure, sports, music and dancing.

Nevertheless, I would like to thank the sponsor Crew (Clay family and other stakeholders) for the continued support both materially and spiritually.

Thanks in advance
God bless yours and all
Entire Clay-Corporation-team
Bravo!
From
KENNEDY
