Samuel Makitare Khaemba
Math & Business Studies
2006 to present

I am Samuel Makitare Khaemba. I was born in Western Province, Bungoma district. My parents are peasant farmers. We are a family of fourteen, seven brothers and seven sisters. I am married and have one beloved son whom God has blessed me. (Bruce Jacob's Nakitare)

I started my primary education in 1986 to 1995 with the help of my parents. I scored well in K.C.P.E. and joined a provincial secondary school (St. Mary's Boy's high school) where by parents paid for me. I performed well in K.C.P.E. and joined Kenyatta University where I did a degree in Education Arts (Mathematics & Business studies). I attained second class honors (upper division) (2001-2005) all these is a result of my dedication, respect and hardwork, not forgetting God help to this far.

I joined Clay International Secondary School in Jan 2006. The place was so dry and it was hard to adapt. It is a hardship zone which I had not encountered. The environment was friendly especially the students who made me adapt easily. I am now used to the place. I enjoy to serve my fellow Kenyan's who are ready to learn and change the society at large. The students are hardworking and determined in their studies. With their positive contribution and their parents willingness to work will make them have to benefit from the God given chance.
